

Dr. Joseph Brewer is an infectious disease specialist in Kansas City, Missouri and is affiliated with Saint Luke's Hospital of Kansas City. He received his medical degree from University of Kansas School of Medicine and has been in practice for 38 years.

Dr. Brewer's published research:

Chronic Illness Associated with Mold and Mycotoxins: Is Naso-Sinus Fungal Biofilm the Culprit? <http://buff.ly/1scWYcQ>

Detection of Mycotoxins in Patients with Chronic Fatigue Syndrome - <http://buff.ly/1IKnUTI>

I Want to Be Tested

I would like to be tested for Mycotoxins through RealtimeLab in Texas:

<http://www.realtimelab.com/clinical/mycotoxins>

The doctor's line at RealtimeLab is: **972.492.0419**

I understand that I will incur the cost and work with my insurance to determine whether it's covered.
